**Notes from the Pastor**

In your charity, please pray for the following who have died.

**Donna Whitacre, 93**, a long-time member of St. Mary who was very devoted to helping in the parish in every way, especially with home visitations. Her funeral was held on March 11 at Mother of Sorrows Chapel and burial at St. Joseph Cemetery

**Marianne Garrison, 88** of St. Aloysius Parish. Her daughter was my student and I had a number of services for her family over the years. She was laid to rest in Sunset Cemetery.

**Eloisa Gettys, 80**, whose funeral was held on Wed, March 15, at Maeder-Quint-Tiberi Funeral Home. Eloisa had been very active in the Special Olympics and the American Legion. She was born in Spain where she married her husband who was serving in the Air Force. She was laid to rest in Franklin Hills Cemetery.

Fr. Emmanuel officially leaves St. Mary's Parish on Saturday, March 18, and takes up his new assignment at St. Paul's in Westerville and also at St. Anthony Church in the Northland area. Father is very sad to leave our parish. He is a kind and good soul. I hope he will be a frequent visitor.

On March 24<sup>th</sup> at 10:00 a.m. I will be a part of the St. Gabriel Radio Spring Drive. I will be on the air for one hour with the well-known author, Elizabeth Ficocelli. Please support Catholic Radio. And I would be most grateful if you would call in while I am on-air.

Lent is about half over. Start if you have not started. The Lord is generous no matter when you begin.

The Lord be with you!

Fr. Kevin F. Lutz

From the Old Oak Tree . . .

I've got to say, I've had an argument with the weather since I was a sapling. It seems that Mother Nature is very sloppy in her arrangement of the seasons. I looked at some of the daffodils and they all have their yellow heads to the ground. The cold snap made them bow and they won't get up. A lot of trees were tricked and sent out some lovely little white blossoms. Mother Nature then sent her little white snowflakes and froze them out.

Oak trees do everything very slowly. Our growing pattern is very slow which makes our wood very desirable (although please don't get any notions of cutting me down and making me into a table). That's why our wood grain is so beautiful and we are among the most desired woods for quality furniture. In our slowness and mistrust of Mother Nature, we hold our buds till the last second.

There's a lesson to learn from the oak. Do things slowly, cautiously, and with a long range plan. I've watched a lot of human activity; and much of it is done in haste and sometimes without much thought.

I haven't had a garden above my roots in years. I hope that some kind soul will adorn my little circle in the parking lot with flowers this year. Please don't bring a roto-tiller over. My roots are spread out there, so plant things of a shallow nature.

You might wonder how does a tree get a bulletin column published and how do I have access to the internet? I just log on!
